

User Guide

Installing your Mobile Device

1. Carefully pull the tab outward to remove the cradle.

2. Place the edge of your mobile device on the clamp inside the cradle. The clamp will extend to the size of your phone. Make sure that your mobile device's screen is facing up.

3. Slide the cradle into the Virtual Reality Glasses.

i The connected mobile device must remain connected to the headset at all times. The headset is not designed to be used in an extended period of time. This or some conditions may affect the mobile device's operation or performance.

Wearing the Headset

1. Align your face with the foam cushioning and pull the strap over your head.

2. Adjust the head strap for a secure fit. Tighten the top strap to evenly distribute the weight around your head.

Viewing VR Apps

1. Open the App Store on your IOS device or Google Play Store on your Android device. Type "VR APPS" in the search field. Download your desired App and select it from your device's home screen.

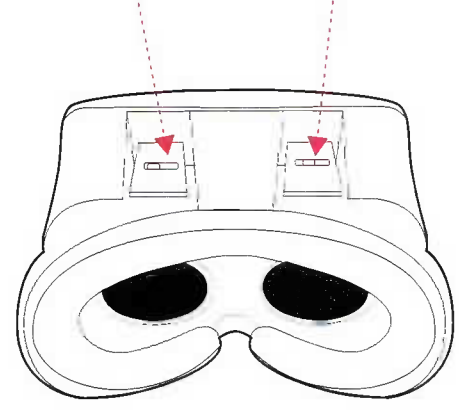

2. The images in Virtual Reality apps will appear as two identical images. The Virtual Reality Headset uses two Biconvex lenses that create one full view.

i Please do not look directly at the lenses. The lenses are not designed to be used in an extended period of time. This or some conditions may affect the mobile device's operation or performance.

Eye Distance Adjustment

1. If you feel that the lenses are too close to your eyes, use the Focus Adjustment Wheels on top of the VR Glasses to get the clearest possible image.

READ CAREFULLY AND KEEP THIS MANUAL

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) This device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
