

For added convenience...

PURCHASE A MALE-TO-MALE ADAPTOR CORD!

Adaptor cords provide added convenience. Recharge the jump starter / DC power source while driving after camping, boating, fishing, on a picnic or jump starting your car. It's simple. Just connect the product to your vehicle's cigarette lighter outlet with the male-to-male adaptor cord.

Additionally, you can keep all electronic memory intact during automotive battery replacement by connecting the product to your cigarette lighter outlet with the cord.

Order an adaptor cord today!

The cord is four feet in length with two male cigarette lighter type plugs.

**NOTE: Inverters are available at many retail stores.
(Not included with this offer.)**

Order Form
